

PROFESSIONAL SUMMARY

- Passionate and dedicated Junior Flutter Mobile Application Developer with a strong foundation in Dart and Clean Architecture principles. Experienced in building responsive mobile apps, integrating REST APIs, and implementing robust state management using Provider. Eager to contribute technical skills and a problem-solving mindset to a dynamic development team.

PROJECTS

- **Professional Task Management App** Flutter, Dart, REST APIs, Provider
Personal Portfolio Project 2026
 - **Architecture & Design:** Developed a comprehensive task management application utilizing Clean Architecture to maintain high code scalability and separation of concerns.
 - **API Integration:** Integrated backend REST APIs for secure user authentication, profile management, and real-time category-based task tracking.
 - **State Management:** Implemented efficient state management using Provider to handle reactive UI updates and asynchronous operations seamlessly.
- **Clean Architecture Music Player** Flutter, Dart, Clean Architecture, Audioplayers
Personal Portfolio Project 2026
 - **Layered Structure:** Built a robust music streaming application strictly organized into Domain, Data, and Presentation layers for maintainable code structure.
 - **Media Playback:** Utilized the audioplayers package to handle background audio rendering, play, pause, seek functionality, and playlist management.
- **Money Management Application** Flutter, Dart, Provider, Local Storage
Personal Portfolio Project 2026
 - **Financial Tracking:** Engineered a personal finance utility enabling users to monitor earnings, track daily expenses, and view categorised transaction history.
 - **Data Handling:** Optimized state updates with Provider to ensure instant calculations and responsive data visualization on the user dashboard.
- **Hangout Bangladesh (Travel UI)** Flutter, Dart, UI/UX
Personal Portfolio Project 2026
 - **User Interface:** Designed and implemented a single-page travel application highlighting popular tourist destinations, historical sites, and travel guides across Bangladesh.

EDUCATION

- **Dinajpur Govt City College** Dinajpur, Bangladesh
Higher Secondary Certificate (HSC) 2020
- **Dinajpur Zilla School** Dinajpur, Bangladesh
Secondary School Certificate (SSC) 2018

PROGRAMMING SKILLS

- **Languages:** Dart, Python (Basic) **Frameworks/Tools:** Flutter, Provider, REST APIs, Git, GitHub, Clean Architecture, Material Design
